Complete each team quiz in advance. Test Explanations for last test

## [E] Study Session

- Arrange a study session.
- Organize your binder and bring it to the study session. Include all notes, charts, tests, and anything else that may be useful.
- Stay as late as needed, with at least three other participants. Plan on this being several hours.

## [F] Test

- Choose a partner with a grade at least as high as yours (if applicable).
- Come at least ten minutes early with your binder, calculator, and pencil.
- If you have somewhere to be after the test, make arrangements in advance that you may be late or may not go at all.
- Continue working as long as needed. If with a partner, this applies to your partner as well.

**Your semester grade will be no lower than marked above if you do everything on this sheet.**

If you do most but not all of the things, you will probably get no lower than the grade marked above, but it cannot be guaranteed.
